

RISK DISCLOSURE

Fort Prime Club (FPC)

Last Updated: 5th November 2025

Participation in financial activities and investment opportunities involves inherent risks. This Risk Disclosure is provided to ensure that members of Fort Prime Club (FPC) fully understand the potential risks associated with participating in the Club's diversified investment activities.

By participating in Fort Prime Club, members acknowledge that they understand and accept these risks.

1. GENERAL INVESTMENT RISK

All forms of investment carry a degree of risk. Financial markets and economic environments are dynamic and unpredictable.

While Fort Prime Club focuses on diversified investment strategies across multiple industries, no investment activity is completely risk-free.

Members must understand that:

- Market conditions may change unexpectedly
- Asset values may fluctuate
- Investment performance may vary over time
- Returns are not guaranteed

Participation in the Club should therefore be undertaken with full awareness of these possibilities.

2. DIVERSIFIED PORTFOLIO RISK

Fort Prime Club operates across multiple sectors including:

- Agriculture
- Real Estate
- Transportation
- Stock Markets
- Cryptocurrency Markets
- Forex Markets

Although diversification helps manage exposure to risk, it does not eliminate risk entirely. Economic changes affecting one or more sectors may influence overall performance.

Members acknowledge that diversification aims to balance opportunities and risks but cannot fully prevent losses.

3. MARKET VOLATILITY

Financial markets such as:

- Stock markets
- Cryptocurrency markets
- Foreign exchange markets

are known for their volatility.

Prices may move rapidly due to:

- Global economic developments
- Political events
- Regulatory changes
- Market sentiment

Such fluctuations may influence investment outcomes.

4. CRYPTOCURRENCY RISK

Digital assets are a relatively new asset class and carry additional risks such as:

- High price volatility
- Regulatory uncertainty
- Technological risks
- Liquidity fluctuations

Members should only participate in crypto-related strategies with an understanding of these factors.

5. FOREX TRADING RISK

Foreign exchange trading involves significant risk due to:

- High market volatility
- Global economic influences
- Leverage in certain strategies

Forex trading may lead to both gains and losses.

6. REAL ESTATE AND AGRICULTURE RISK

Investments in real assets such as real estate and agriculture may be affected by:

- Market demand changes
- Economic conditions
- Environmental factors
- Operational costs

These factors may influence projected returns.

7. TARGET RETURN DISCLAIMER

Any target returns or performance objectives communicated by the Club represent strategic goals, not guaranteed outcomes.

Members acknowledge that actual performance may differ from projected or targeted returns.

8. PERSONAL FINANCIAL RESPONSIBILITY

Each member of Fort Prime Club is responsible for their own financial decisions.

Members are encouraged to:

- Evaluate their personal financial situation
- Understand their risk tolerance
- Participate responsibly

The Club does not provide personalized financial advice.

9. ACKNOWLEDGMENT OF RISK

By participating in Fort Prime Club, members confirm that:

- They understand the risks associated with investment participation
- They accept that returns are not guaranteed
- They voluntarily participate in Club activities.
